NEW BUSINESS

A. Consideration And Approval Of Memorandum Of Understanding For Participation In The Colorado Emergency Fire Fund

The Emergency Fire Fund (EFF) is created in accordance with Colorado statute and exists through payments made by participating Colorado counties and other entities that enter into EFF agreements with the Division of Fire Prevention and Control (DFPC). The DFPC maintains the EFF under the fiscal management of the Division Director. The EFF is a funding source that the County can leverage in times of wildland fire suppression assuming the

incident meets certain response parameters. The Annual Operating Plan must be in place in order to participate in the EFF.

The fiscal impact to the County is approximately a \$6,400 contribution. Every year, the County pays roughly the same amount since it is based on a formula that takes into account the acreage cost plus valuation cost.
