OLD BUSINESS

A. Consideration And Determination Of Moving Forward With Auction Of County-Owned Lots

There are approximately 35 vacant lots in the Trails Subdivision that are currently being auctioned through [GOVDEALS.COM](#). The auction is scheduled to end on August 15, 2023 at 5pm. Minimum reserve amounts for each parcel were determined by calculating the average sales price per acre over the past two years (approximately \$90,000 per acre) and adjusting if the parcels had electric connections on the parcel or nearby and whether the parcel was on a developed county road or not. At the time of publication of this agenda, none of the lots have received a bid that meets or exceeds the minimum reserve amount. This agenda item is for the Board of County Commissioners to decide whether to continue the auction for another four or more weeks, let the auction end and attempt to auction the lots again at a later date, or to lower the reserve amounts.

B. Consideration And Approval Of Changing The Archuleta County Domain From .Org To .Gov

During election time, there are many websites that are created with misinformation. The state is encouraging all 64 Colorado counties to update their domain to .gov. There is a large process to gaining a .gov domain. It is a trusted and verified source by the state and nation. By changing Archuleta County's domain from .org to .gov, the county will be able to discredit any information that does not come from a .gov site. The IT Department will update the county website, staff email addresses and anything else related to this change from .org to .gov. This letter is the first step to being a verified government source and obtaining a .gov domain.
