Resolution to Amend County Fees

Background information:
The fees for the Weed & Pest Department were approved by Resolution 2017-24 in May 2017, however in February 2018 when the fee schedule was amended again (by Resolution 2018-4), the previously approved Weed & Pest fees were not included on the schedule. This resolution corrects the fee schedule to bring Weed & Pest's correct fees back onto the schedule.

Origination:
Ethan Proud – Weed & Pest Supervisor

Financial Consideration:
No significant impact to the budget – only clarifies what was already there.

Staff Recommendation:
The proposed resolution and fee schedule has been approved by Ethan Proud and by Todd Weaver.

Staff recommends approval of the Resolution as a Consent agenda item.

Alternatives:
None.
